

Turning great minds into great teachers

We are proud to have supported our 2020 graduates on their five-year journey to becoming teachers and role models.

### Big congratulations

go to **Nuelin Hendricks** (Mathematics Teacher, South Peninsula High), **Asma Sydow** (Grade 2 Teacher, Sid G Rule Primary) and **Nathier Sadan** (EMS and Accounting Teacher, Fairbairn College).

*“Thank you for the amazing opportunity to be part of such an awesome programme. We will always be grateful.”*

NATHIER SADAN

**DID YOU KNOW?**  
 Teachers Plus has produced 16 amazing teachers so far.

## VACCINATED! Thank you Polyoak

*“I didn't want to get vaccinated, but after seeing how many unvaccinated people were in hospital and dying from COVID, I changed my mind to save myself, my family and everyone around me. I encourage everyone to vaccinate.”*

BONKE MASIZANA, 2ND YEAR SCHOLARSHIP STUDENT

*“It was a pleasure getting vaccinated at Polyoak. Everyone was friendly and helpful.”*

SIMONE ABRAHAMSE, 5TH YEAR SCHOLARSHIP STUDENT

*“Nerves, nerves, nerves, but I got stabbed, oops, jabbed! Getting vax'd was my best decision for 2021, for my own well-being and those around me.”*

JAYCEE-LEE MAYBE, 1ST YEAR SCHOLARSHIP STUDENT

### WHAT TO DO IN A MEDICAL EMERGENCY

It is important that a teacher can respond to an emergency, and so we teach first and second year students these skills. Here **Unathi Malgas** and **Sanele Nkomombini** practice placing an injured person in the recovery position, before calling for assistance.

Learning to code and teach coding thanks to **Code4Kids**.

Computer coding is increasingly important in a digitalised world and learning to code gives children competitive skills whilst developing a problem-solving mind.

**ANOTHER YEAR, ANOTHER BLANKET**

Every year our Teachers Plus team get out the knitting needles to knit the squares that will make up their contribution to the **67 Nelson Mandela Blanket Drive**. This year third year student, Michael-Jade Petersen (centre), came up with a funky design.
